Daglightale, Sept. '85

CHANGING LANES

Above:
Skeleton trees guard a naked lane waiting to be dressed.
Below:
The artist's conception of the finished College Lane.

After a particularly dry July contractors began construction on the College lane, only to encounter heavy rain in Mid-August. Although the lane was supposed to have been at least paved before the fall flood of students arrived, rain and other hazards have erected insurmountable hurdles for the workers. One worker estimated at least two weeks until completion of the paving.

Realizing the need for immediate student parking space, a makeshift entrance to the North Hall parking lot was made, leading directly to the parking lot from 50th Street.

The full development of the lane could cost up to \$105,000, and will include lighting, curbs, paving, and a brick gate.

Some people were concerned that all of the lane's beautiful trees would

have to be removed for the construction, but several trees were just trimmed and left to stay put. Other trees were transplanted to the south edge of the football field. As trees are an important and very much loved part of the College Lane's character, even more trees are scheduled to be planted this fall and next spring. Horticultural experts have recommended that elms be planted, rather than the traditional poplars.

EDITORIAL

Oh yay! Oh hurray! AAAAA! I'm just so happy to see students back on the CLC campus for another year! For those of you who don't know me, I am one of those Off-Campus students whose home is in Camrose year 'round. Sure things happen here in the summer! In fact, just since July, CLC has housed a month long music workshop, a Girl's Club Convention, a 4-H club event, the L.C.A. Global Mission Event, a Celebrate the Family weekend, and an E.L.W. convention!

But it just wasn't the same without the students. I'm so eager this year (it's those "I'm going to be involved in everything this year" promises welling up again) that I've even managed to work studying into my busy schedule.

For those of you who do know me, WELCOME BACK! I missed you.

For those of you enthusiastic enough to want to help me out with the Dag this year, I have several positions open. As we now have the Olivetti ET 221 computer typewriter Typing will be a breeze. I welcome all the typists I can get. Other positions available are Layout Editor, Photographers, cartoonists, and REPORTERS, yes, we love reporters. No experience is necessary, except for in the photography department.

Our first Dag staff meeting will be held this Saturday, in the gym. Policy, how-tos, and any questions you might have about newspapering. I really encourage even brand new students to become involved this year, and benefit from it!

Hope to see you all there! Details can be obtained from me at 672-1872. If I'm not there please leave a message.

Incredibly enthusiastically yours,

Karen Likness

Karen Likness, Editor.

S.U. EXECS PLAN FOR A GREAT YEAR

Our Student Union Executives Tim Zimmerman (President), Craig Wentland (Vice President), Jennifer Lede (Secretary), and Tanya Titchkosky (Social Convenor), arrived early last week to begin planning for the '85-'86 school year.

The CLCSU supports the campus radio station (CLCFM), the Yearbook (The Saga), the student newspaper (The Daglightale), and very many other groups and events.

VIKING SHIP "FLOATS" ON A FLOAT

A float on which to "float" a Viking Ship! That was a project this spring undertaken by the Steering Committee for the 75th Anniversary celebration at the College and what a float it was! Thirty-five feet long (plus the van or small tractor to pull it), decorated with "waves" and lettering and garland - it looked great! The Viking Ship float, constructed by CLC students, Bonnie Bergstrom, Elinor Holt, Paul Taylor, and Grant Shepert, supervised by Mr. David Taylor of the College's Development office, and assisted by several faculty people, appeared in parades, festivals, and church camps around Central Alberta during June, July, and early August. New Sarepta, Wainwright, Ponoka, Red Deer, Lacombe, Vegreville, Provost, Bruce, and Camrose were among the communities which saw the float in their local fair parades. The float also appeared in the Edmonton Klondike Days Parade and was at

the Scandinavian Pavillion at the Edmonton Heritage festival for two days in August. Several prizes were won, including the parades at New Sarepta, Lacombe, Provost, and Camrose. The trophies and plaques are on display in Founder's Hall, Main floor.

Church camps which received a visit from the Ship and the Vikings were Sylvan Lake (Camp Kurtokos), Hastings Lake, and Mulhurst Camp, and a great deal of interest was generated by the campers who saw it.

All in all, it was an eventful summer for the "little boat" - and for the four students who were responsible for getting it to where it was supposed to be.

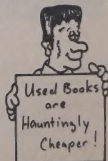

Now what? Well, the boat will visit several malls and museums this winter - and then on to Expo '86 next summer! Who will dare to say they have never heard of Camrose Lutheran College!?

Left:
Vikings Elinor Holt, Grant Shepert, Paul Taylor, and Bonnie Bergstrom maneuver the Viking Ship while on exhibit.

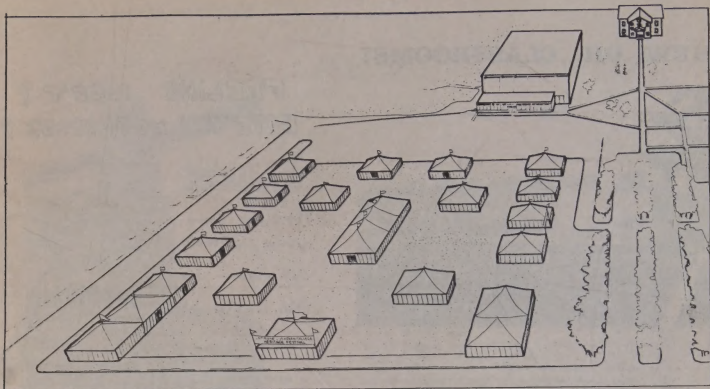

WHAT IS A BOOK EXCHANGE?

Ever been to a flea market?
Skate exchange? Ski exchange?
Garage sale?

Sellers bring their used books,
Buyers bring their money. The
SU supplies the tables. Everyone
makes their own deal. Save money.
Make money. Be there.

STUDENTS WELCOME TO 75TH ANNIVERSARY HERITAGE FESTIVAL

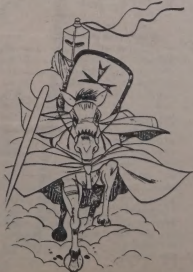

CLC's 75th Anniversary Heritage Festival was planned for September with students in mind. It seemed inappropriate to hold a major 75th Anniversary event at a time when students are not on campus. Even though the accepted month for Heritage Festivals is August, and the most generous grants are allocated for Festivals held at that time, it was decided to hold our event in September when students could participate. We do hope you will take the opportunity to join us for the celebrations!

Entertainment and displays are free. The athletic field will have twenty-three 900 square-foot tents filled with cultural and crafts displays including everything from medieval armour to antique cars.

We are reserving a two hour period of time in the hot air balloon for students only. Students will be charged a special rate of \$6.50 while the general public will be charged \$10.00 per person. The balloon will be tethered so a flight will involve the climb to approximately 200 feet, one or two minutes hovering above the campus and the descent. The round trip is expected to last about 8 minutes. The balloon stands about 10 stories high when ready for flight and will carry seven passengers and a pilot. More information on student flights will be available from the Student Council.

Students wishing to participate in the Heritage Festival as volunteers are welcome to contact Yvonne Myrehaug at extension 183 or by visiting the Alumni Office on the second floor of Founder's Hall. Volunteers are still needed to sell balloon ride tickets, to direct traffic and to set up and take down festival tents.

The CLC 75th Anniversary Heritage Festival is for students too! Hope to see you there!

COFFEE HOUSE CLOSED FOR SEPTEMBER

Most of the CLC facilities will be opening this fall right on schedule, excepting for the Coffee House, situated upstairs in the Convocation Centre.

Renovations to the cafeteria below made it necessary to install a large vent tunnel extending up through the seating area of the Coffee House. This tunnel will have to be boxed in before any service can be promised.

The Coffee House is expecting to order some new equipment as well, including a refrigerated display case and possibly a grill.

Even though business is not expected to resume until the end of September, Ray Smith, Business Manager, stated that there will be no alternative facility provided.

Bernell Odegard, Coffee House Manager, expects that many students will be disappointed with the delay. Off-campus students especially will be affected, as the Coffee House served as a lunchroom, as well as a meeting place. Cafeteria prices are higher than most Off-Campus students can afford, so many will be "brown-bagging it" in lieu of buying from the Coffee House. But where will the Off-Campus students eat their lunches? Outside? Maybe, but in a closed Coffee House? Ugh.

NEW...UH...CLASSROOMS?

A few eyebrows were raised last week when a set of six Alco trailers were set up side by side in order to make a small makeshift classroom complex. The trailers will house the drama rooms as well as the language lab. As a result of the degree granting status granted to CLC this summer, both the number of courses and the number of professors increased, not to mention the record number of students who are enrolled at CLC this year. This influx of courses, professors, and students produced the urgent need of space.

FEELING LOST? HAVE YOU NO PURPOSE?

Get involved.

There are Drama groups, a French Club, a German club, other language clubs, a radio station, a newspaper, various committees and councils... etc. Enjoy!

TATTLE TAPE™ TELLS!

Bibliocleptomaniacs beware! There are several notable changes in the CLC Library this year. The most obvious one is the new 3M Tattle Tape™ detection system.

This electronic security system has been installed in the library to ensure that people go through the proper procedure in borrowing books from the library.

This installation will significantly improve library service by enabling the staff to keep an accurate record of where books are. Perhaps you have had the experience of not being able to find a book on a shelf and after enquiring at the circulation desk, discover that there is no record of who has the book or when it will be returned. This should happen less frequently from now on. Books that disappear tend to be the most in demand, seriously inconveniencing our users.

There will be no significant change in the check-out procedure and we expect no inconvenience to the borrower. If you have any questions about the system, please ask your College Librarian.

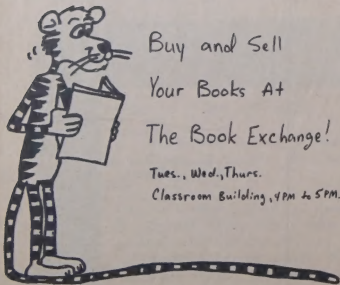

Overdue books will warrant a fine of 30¢ per day this year, whereas it was only 20¢ last year. An additional measure will be enforced to discourage excessive abuse of the library service. This comes in the form of a \$50 ceiling in students' cumulative fine allowances. Those who exceed this will have their library privileges revoked immediately.

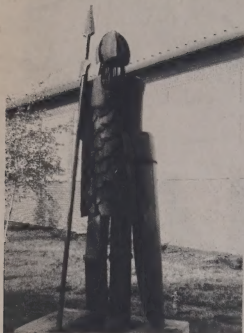

Other changes are 1) an additional room (downstairs) to facilitate more study and shelving space. This room will house the entire science section, and 2) The library will be closed Saturdays until one PM except during the periods two weeks prior to examinations.

Your Books At
The Book Exchange!

Tues., Wed., Thurs.
Classroom Building, 4PM to 5PM.

Manuscript Weakness

There he stands,
cold and rusty.
Guarding our campus
from who knows what.

Straight and tall,
a Viking proud.

Day in and out,
he never slouches.
Never a wince, nor moan,
through weather's battery, he stays put.

An empty shell with no soul living.
Not a soft spot to be found.

But the rust !
Ah, but no one cares.

RUBY AND RANDY

ADVICE COLUMN

Dear Ruby and Randy:

My roommate's bedspread clashes with mine. What can I do about it?

Signed,
Shallo W.

Dear Shallo,

Actually, what you may have to resort to in order to alleviate this dilemma is a fascinating concept known to the better half of the real world as ADAPTION. Or, if you're feeling very experimental you might simply move the beds to extreme ends of the room.

R & R

Dear Ruby and Randy,

I'm nervous, scared, and lonely! Can you help me?

Signed,
Homesick

Dear Homesick,

Don't panic. You are among friends. Most -- if not all -- students here either feel the same way or used to. The atmosphere here becomes and is quite friendly and home-like. So don't be afraid! We're all scared mice.

R & R

Dear Hari,

May we suggest having your roommate enroll in Religious Studies 395... "Religious Awareness".

R & R

Dear Ruby and Randy,

As spokesman for all the students that eat in the cafeteria, I have one question: "Where's the beef!?"

Signed,
N. Digestion

Dear N.,

Good question...we're still looking...

R & R
